We're looking for a  
**Dietitian Assistant**  
to join our team

## Job description

Kids Feeding Team is part of the Tx Group, a private therapy company which provides a variety of health and education therapy services in the North West of England.

Kids Feeding Team is a privately run clinic which offers specialist assistance to children and adolescents requiring access to a multidisciplinary feeding team. We provide a supportive outpatient service for those who are seeking immediate treatment and adopt a multidisciplinary team approach to achieve fast and effective results for children and their families in overcoming food related problems. Our feeding team supports infants and children aged 0-18 (with the majority being aged 0-4). We support children experiencing difficulties including transitioning from breast milk to purees or solids, with allergies and intolerances or fussy eating.

Our multidisciplinary is led by a paediatric dietitian and includes physiotherapists, occupational therapists, speech and language therapists.

Our philosophy is patient-centred and we are committed to providing the highest standard of care to everyone we treat, helping children and parents make real progress in a professional, caring, safe and supportive environment.

We have an exciting opportunity for an Assistant Dietitian to join our feeding team on a part time basis, based at our clinic in the centre of Manchester.

## How to apply

To apply for this position, please send your CV and any covering information to [careers@kidsfeedingteam.co.uk](mailto:careers@kidsfeedingteam.co.uk)
